GOOD INTENTIONS . . . Valerie Burchfield is out to help where she can and she plans to do it by selling lemonade, but it will take a lot of lemonade to meet the \$8,387 goal volunteers can collect by making personal calls at every home in Torrance. Torrance volunteers still need help—to the tune of 1,200 women who are willing to ring door bells—if the city is to meet its residential campaign goal Mrs. William Faulds, city chairman, said. The campaign begins Thursday.

Nazis Ask Permit For Parade Here

Members of the American Nazi Party Thursday afternoon filed applications for permits to hold a rally and parade here Saturday, Nov. 5. The two applications were filed just hours after the city's license review board continued until Nov. 17 hearings on the party's applications to distribute handbills in the city and to use a sound truck. James Moss, license supervisor for the city, told the Press-Herald the applications would be turned over to the Torrance Police Department. The department will conduct the necessary investigations before returning the applications to the License Review Board.

ALL FOUR applications were signed by Ralph P. Forbes, who gave an El Monte address. Permits for the distribution of handbills and for use of the soundtruck are being sought in Forbes' name.

Piggy Bank Theft Loss Totals \$77

Theft of piggy banks from two Torrance homes resulted in a loss of \$77 Friday, Torrance police were told.

Wayne McMurray, 38, of 20117 Hawthorne Blvd., told officers someone climbed through an open window and took a bank containing about \$50 in 50-cent and silver dollar coins. The theft occurred about mid-afternoon, he said. Miyoji Kawasaki, 61, of 23845 Walnut St., reported the theft of three small banks from his home. Kawasaki said someone cut through a screen and forced open a sliding glass door.

A neighbor later told police she saw three youths break into the home, but did not call police because she "didn't want to get involved." Kawasaki said the three banks contained \$27 in nickles, dimes, and quarters.

The American Nazi Party, Western Division, was named as sponsor of the parade and rally.

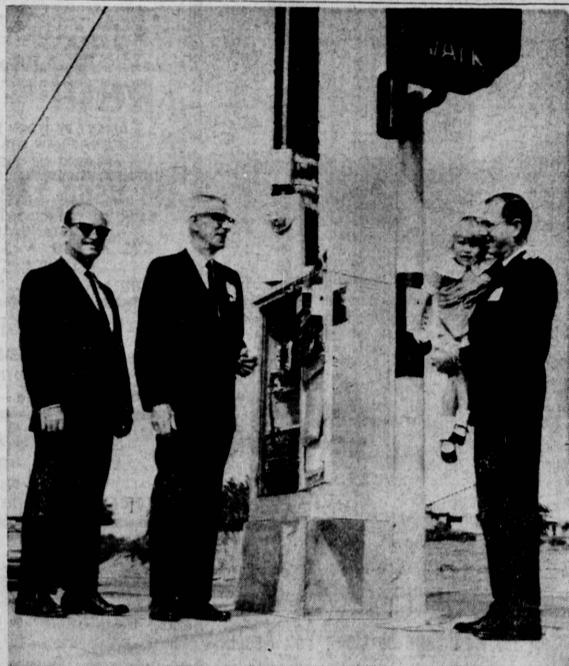

Moss said the Nov. 5 date is one day short of the 30-day requirement set by the city's parade permit ordinance enacted into law last Aug. 25.

FORBES SAID Torrance had been selected as the site of the Nazi's demonstration because it is the largest city in the area. He estimated that between 1,000 and 1,500 persons are expected at the demonstration.

Forbes also indicated an adverse decision by the License Review Board would be appealed.

An appeal would be directed to the City Council, which must hold public hearings.

MOSS TOLD the Press-Herald a member of the party first appeared in his office late Wednesday afternoon and asked for papers to file the applications. Forbes returned the applications for the handbills and soundtruck (See NAZI on A-2)

ACTIVATING SIGNAL . . . Supervisor Kenneth Hahn holds 4-year-old Mary Lu Horkay as she pushes button to activate traffic and pedestrian control signal installation at Del Amo Boulevard and Anza. Two Leap to Safety In Fiery Auto Crash

Youths Beaten By Gang

Three Torrance youths were attacked and beaten by a gang of teenagers about midnight Friday while they were at Torrance Beach.

The gang, which police said included about 12 members, used sticks, chains, and a jack handle on the victims. Two cars also were damaged. None of the three youths was seriously injured. All were treated for cuts and lacerations at Little Company of Mary Hospital and released.

POLICE SAID the trio was sitting in a car at Paseo de la Playa and Via Riviera when they were attacked by the gang. All windows and lights on one vehicle were broken, officers reported.

A fourth Torrance youth fled from the gang, but returned to the beach and found the windows and lights in his car broken and the interior torn apart.

DAMAGE to the two cars was estimated at about \$200. The gang, which police said was composed of teenagers of Mexican descent, fled from the beach area in a small van.

One gang member told the youths the group was from East Los Angeles and added "I'll be back and kill you."

Principals Meet

Dr. Robert Ford, principal of West High School, will preside at a meeting of the Large High School Committee of the California Association of Secondary School Administrators in Burlingame Friday. Dr. Ford currently is serving a two-year term as chairman.

Councilmen to Get Housing Code Plan

Torrance councilmen Tuesday will be asked to amend the city's Uniform Housing Code to specifically provide that inspectors must secure a court order if they are refused entry to a home.

The amendment has been requested by the Citizens' Advisory Committee for Community Improvement, which wants the procedure for gaining entry to a home spelled out in the code.

Current provisions provide that an inspector may enter any home in the city upon presentation of "proper credentials" at any reasonable time. The provision sparked a bitter debate in the City Council chambers some weeks ago and that argument was continued when the Citizens' Committee met in September.

CITY MANAGER Edward J. Ferraro several times has said the city's inspectors will not force

their way into any home and that if an inspector is refused entry, the city will seek a court order.

The Citizens' Committee has asked that Ferraro's "policy" be included as part of the Housing Code.

FERRARO SAID the Department of Housing and Urban Affairs has informed the city such an amendment will have no effect on the code or on the Workable Program for Community Affairs which is required by the federal government under provisions of the city's Urban Renewal application.

The city manager also said his office would not object to the amendment "since this recommendation . . . coincides with our actual practice and procedure."

Councilmen are scheduled to convene at 8 p.m. Tuesday.

Driver Of Car Injured

A 21-year-old man from Sepulveda, Calif., was reported in satisfactory condition early yesterday following a fiery crash on Lomita Boulevard near Crenshaw Boulevard about 1:20 a.m.

William Henry Grammer suffered major injuries in the collision and under went surgery at Little Company of Mary Hospital. A hospital spokesman told the Press-Herald Grammer's condition was "satisfactory."

Grammer sustained fractures of the right leg, left arm, and left hand and major lacerations on his skull and right arm.

Torrance Police said Grammer apparently lost control of his sports car while driving east on Lomita Boulevard and struck a stalled vehicle. The second car, owned by Norberto Parra of 1117 Sanford Ave., Wilmington, burst into flames.

Both vehicles were a total loss, police said.

Parra's vehicle had stalled at the side of the roadway, police reported. Parra and a witness to the crash were working on the car when one of the men looked up and saw the speeding sports car headed for them. Police said the two men leaped out of the way.

A second witness to the crash told officers he was driving east on Lomita Boulevard when the Grammer vehicle suddenly passed him "doing about 70 miles per hour."

To Attend Conference

Four high school teachers from Torrance will attend the annual convention of the California Scholarship Federation in San Diego Saturday.

They are Mrs. Marilyn C. Hutchinson of West High, Mrs. Flor. Salt of South High, Wesley Peterson of Torrance, and Richard Venturini of North High. Each serves as a faculty advisor to local chapters of the federation.

14-Year-Old Shot At Burglary Scene

A 14-year-old Torrance youth was reported in satisfactory condition Saturday after he was shot twice while fleeing from police investigating a burglary call Thursday evening.

David George Snedeker of 2135 Del Amo Blvd. was shot twice in the side, it was reported. He underwent surgery at Harbor General Hospital.

Police fired at the youth after he reportedly leaped out of a window and climbed a fence despite police warnings to "freeze."

Torrance patrolman Clayne Virgin said he was responding to a burglary report at 501 Van Ness Ave. about 11 p.m. Thursday and saw a man jump from a window and start to run. Virgin said the suspect appeared to be carrying a rifle.

Virgin fired one round from his shotgun when the fleeing man ignored his warnings and started to climb a fence. About the same time, two officers who were searching the building each fired once.

Officers D. M. Cook and E. R. Ahlstrom found the suspect in a field near the building a short time later.

During a search of the area, police found two rifles which had been thrown out the window and also discovered two bags which contained liquor and ammunition just inside the window.

Police said Snedeker had "a lengthy police record for burglary."

WORKERS PREFER UC

The United Crusade way is the efficient way. Red tape is kept to a minimum and campaign cost are the lowest. That's why most employees prefer to give once a year to the United Crusade.

Slack Continues

Industry Still Paces Building

Building permits valued at \$1.4 million were issued in Torrance during September, bringing the total value of all new construction begun here this year to \$21,059,925.

New industrial construction, valued at \$609,000, accounted for nearly half the total value of all permits, according to John J. McKinnon, superintendent of building and safety.

Actual value of all permits issued in September was \$1,402,840.

ONLY TWO new homes were begun during the month, bringing to 130 the number of single-family home starts recorded since Jan. 1. For the second consecutive month, no new apartment units were begun. A total of 132 new apartment units were begun here prior to Aug. 1.

Largest of the permits issued in September was given to Southern Development Co. for a warehouse and offices at 2535 Maciropa St. in the Central Manufacturing District. The permit was valued at \$286,000.

Flames Damage Auto Store - - -

Flames first seen by a patrolling deputy sheriff did an estimated \$7,300 damage to the building and contents of a Lomita auto supply firm Friday evening. Deputy John Love of the Lennox Sheriff's Station reported the fire about 8:20 p.m. Friday in the U.S. Auto Store, 2015 Pacific Coast Hwy. County firemen answering Deputy Love's alarm confined the blaze to the first floor of the two-story building. Much of the damage was to the store's contents.

Vocational Center Adds Another - - -

South Bay Union High School District became the second district to approve a joint powers agreement which will establish a vocational education center here to serve a total of seven districts. Torrance was the first to approve the agreement formally when it met last Monday. The new center will offer courses in trade and technological fields to juniors and seniors of the high schools in the cooperating districts.

Home Burglar Likes Juice - - -

A fruit-juice drinking burglar took a portable typewriter and \$10 in cash from the home of James Young, 48, of 3314 W. 168th St., Friday night. Police said the burglar ransacked a bedroom and the kitchen before leaving. While in the kitchen, the burglar consumed what police termed "a portion" of orange juice.
